

## Telemetry Skills Checklist

Date: \_\_\_\_\_

This profile is for use by Telemetry nurses with more than one year's experience in their discipline and specialty.

Name: \_\_\_\_\_  
Last First MI

SSN#: \_\_\_\_\_ Email: \_\_\_\_\_

Instructions: Use the following Answer Key to indicate the extent of your previous experience:

- 0- Never performed
- 1- Performed, but needs review
- 2- Can perform, but with supervision
- 3- Can perform independently
- 4- Perform with expertise

### CVA

	0	1	2	3	4	Comments
CVA						
Seizure Activity						
Overdose						
Neuro Injury/ Trauma						
Head Injury/ Trauma						
Pre/ Post Neuro Surgery						
Cranial Hemorrhage						
Multiple Sclerosis						
Post-Op AV Shunt						
Decadron						
Dilatnin						
Magnesium Sulfate						
Phenobarbital						
Steroids						
Valium						
Versed						
Peripheral Pulses						
Fluid Overload						
Ultrasonic Doppler						
Starting IV's						
Subcutaneous Central Line						

	0	1	2	3	4	Comments
Hickman/Broviac/Groshong Catheters						
Maintenance of Heparin Lock						
TPN/Hyperalimentation						
Air Occlusive Dressing						
Knowledge of Normal Serum Lab Values						
Administration of Blood & Blood Products						
Infusion Pumps						
Peritoneal Dialysis						
Hemodialysis						
Heparin Drip (Precautions & Maintenance)						
Sickle Cell Anemia						
Thrombophlebitis						
NG Tube Insertion						
Gastrostomy Tube						
Jejunostomy Tube						
Enterostomal Care						
Pancreatitis						
G.I.Bleed						
Esophageal Bleeding						
Bowel Obstruction						
Whipple Procedure						
Liver Transplant						
Paralytic Ileus						
E.R.C.P						
Foley Catheter Insertion						
GU Irrigations						
Nephrostomy Tube						
Suprapubic Tube						
Electrolyte Imbalance/ Replacement						

## COPD

COPD						
ARDS						
Pre/Post Thoracic Surgery						
Pulmonary Embolism						
Pulmonary Edema						
Pneumothorax						
Pneumonia						
Inhalation Injuries						
Emphysema						
Asthma						
Aminophylline						
Corticosteroids						

	0	1	2	3	4	Comments
Bronkosol						
Ventolin						
Alupent						
Assessment of Neuro Signs						
Glasgow Coma Scale						
Seizure Precautions						
Assist with Lumbar Puncture						
Halo Traction						

Interpretation of Arrhythmias						
Pacemakers- Permanent						
Cardiac Arrest/ CPR						
Telemetry						
Interpretation of Hemodynamic Monitoring						
A-Line (Transducer setup D/C)						
Swan Ganz (Transducer setup D/C)						
Sheath Removal- Femoral						
Aneurysm						
Angina						

## CHF

CHF						
Post MI						
Pre/Post Cardiac Cath						
Pre/Post Cardiac Surgery						
Open Sternal Wound (Debridment)						
Atropine						
Digoxin						
Dopamine						
Inderal						
Lidocaine						
Neosynephrine/Nipride						
NTG						
Pronestyl						
Quinidine						
Titrate Morphine						
Verapamil						
Thrombolytic Agents						
Preparation of Emergency Drugs						
Establishing in Airway						
Ambu-ing Techniques						
Chest Tubes (Emerson/ Pleuravac)						
Pulse Oximetry						

	0	1	2	3	4	Comments
Interpretation of ABG						
Use of IPPB						
Incentive Spirometer						
Nasotracheal Suctioning						

### T.U.R.P

T.U.R.P						
Shunts and Fistulas						
Nephrectomy						
Renal Transplant						
Renal Trauma						
Chronic/Acute Renal Failure						
Endometriosis						
Gyn Exam/Pap						
Self Breast Exam						
Tubal Ligation						
Ectopic Pregnancy						
Mastectomy						
Hysterectomy						
Repair of Cystocele/Rectocele						
Total Joint Replacement						
Arthroscopic Surgery						
Bucks Extension						
K-Wires/ Steinman Pins						
Removal of Hardware						
Spica Cast/ Body Cast						
Cast Removal						
Amputation						
Skeletal Traction						
Ortho Trauma						
Laminectomy						
Delirium Tremens						
HIV Infection						
AIDS						
Oncology						
Chemotherapy						
Isolation Techniques						
Diabetic Teaching						
Patient Teaching						
Burns Patients						
Accucheck
